## Generation 15 (con't)

Notes for Sarah Elizabeth Hoffer:

Elizabeth served, with her husband Godfrey as pastor, of the Maracay Community Church. The church is non-denominational and international. It serves the English-speaking community and offers all the normal church facilities. Elizabeth was instrumental in various decorating projects around the church as well as being it's musical leader during the end of their time in Venezuela. It should be noted that in many instances of Elizabeth's name, the spelling of her FIRST name was usually "Sara". However, upon her death (outside the USA) it was necessary to produce a birth certificate and her husband, Godfrey, informed us that the spelling of her given name on the birth certificate was actually "Sarah".

Notes for Godfrey Miller O'Rear:

The Tennessee connection is that when I was born my father was the resident manager of the Read House Hotel in Chattanooga and my parents lived in the hotel. It is still there and I have on my rather extensive list of things I want to do before I die, to spend the night there again after 76 years. Before I was one year old, my father became the manager of the Andrew Johnson Hotel in Knoxville and we lived there until I was nine.

She died on Oct 30, 2011 in North Highlands, Sacramento, California, USA (Expected heart attack). She met **JOHN WESLEY HICKMAN**.

Notes for Lois Eunice Hoffer:

Jill (Hickman) Pashley called @ 12:30PM October 31, 2011 (530-759-7832)

Lois passed away on Sunday, October 30, 2011 just after noon (between 1:00PM and 2:00PM)

Jill called 911 for her a few weeks ago and Lois had been in the hospital for a couple weeks in early October due to fluid retention and heart complications. They found she had not been taking her Lasix medication. They got her stabilized and released her to a nursing facility. She was there for a few days and was released to home on Saturday, October 22, 2011. Jill said she felt they released her too soon.

Lois told everyone she would be fine. She had a walker and was reminded that she needed to use the walker anytime she moved around the house.

This past Saturday, October 29, 2011, she went into the bathroom (without her walker) and used the facilities. She couldn't get back to the bedroom so she allowed herself to "fall" off of the commode and crawl to a phone and called her grandson, Brandon, who Jill indicated lives "just around the corner". He came to the house and carried her to her bed. The family stayed with her all afternoon and evening. She said she was fine and Jill and the children went home.

---

## Generation 15 (con't)

On Sunday, her neighbor came to visit and found her on the floor of the kitchen. She called 911 and they took her to the hospital. This was early morning, around 6:30AM. Jill's son went to the hospital with the ambulance and called Jill and told her that the hospital needed the "living will" paperwork. Jill lives about an hour away and before she could get to the hospital, Lois had died.

Lois has told Jill (in no uncertain terms) that there is NOT to be a funeral or memorial service. Jill is making arrangements with a funeral home for burial in a plot next to Dwayne that Lois has purchased and paid for, with the burial to be as soon as possible. All of her final arrangements appear to have been at least made known. Not sure how much has been paid for (other than the burial plot) and how much has yet to be handled. (I might be mistaken on that)

Jill will be taking the next couple days off from work to make the arrangements. She will keep in touch but doesn't know of anything that is specifically to be given to "our family". She has "pre-given" her "Sleigh" bed to Jill's children. Jill will let us know of any family photos, etc that she finds as she goes through books and other things but that will not be immediately.

I told Jill that we would let everyone in our family know of the death and the "no funeral" situation.

Notes for Michael George O'Rear:

In lieu of an obituary from the local newspaper, this article was featured on the website of GMI (Global Mapping International) the company for which Michael was the President and CEO.

Colorado Springs, CO, January 14, 2012 - On January 11, GMI president and CEO Michael G. O'Rear suffered a sudden heart attack. After several days in intensive care, surrounded by family and friends, Mike died this morning of complications. He was 57.

"Mike's death is a tragic loss for all of us who considered him a close friend as well as a loss for GMI, the mission community in Colorado Springs, the US and the entire world," said GMI board chair Jane Overstreet.

Mike was married to Laura, his partner in life and in ministry for 28 years. She served alongside him at GMI. They have four adult children, one grandson and a daughter-in-law expecting triplets later this year.

Mike was born in Andalusia, Alabama, in 1954. He attended Montana Institute of the Bible and Wheaton College, where he earned an MA in Communications in 1981. He joined the staff of the US Center for World Mission in Pasadena, California, in 1983 and was introduced to the work of GMI on that campus. Mike led GMI since 1991, when he took the reins from GMI's founder, Bob Waymire.

Mike set the tone and direction for GMI's contributions to the evangelical mission community, including mapping, publishing, research services and information technology. He was largely responsible for defining and implementing GMI's key values of excellence in research and partnership with all evangelical mission leaders, especially those in the Global South.

"The GMI board with Mike's help had agreed on contingency plans in case of an event such as this, and I am so grateful to announce Bill Dickson has stepped graciously into the role of Acting CEO with the full support of the board," said Overstreet. "Even this week, he has made many wise decisions on behalf of the ministry that reflect his 28 years of history with GMI and close involvement in its leadership."

"Mike gave selflessly to create an environment where we could do research, mapping, and publishing work without worrying about a vast array of funding and administrative details," said longtime friend Bill Dickson, Acting CEO of GMI. "He came to GMI as a researcher, hoping to do the work himself, but ultimately found he could have more effect for the Kingdom by enabling others all around the world to do the work he so

deeply believed in.”

There are many key milestones in GMI's work during Mike's tenure, including:

- Authoring the popular MisLinks feature in Evangelical Missions Quarterly and at [mislincs.org](http://mislincs.org), which Mike wrote with Scott Moreau, Wheaton College professor and Editor of EMQ.
  - Publishing The World of Islam and Operation China portable libraries on CD-ROM, along with many other significant collections of mission resources.
  - Developing the web, eBook, CD and DVD-ROM versions of Operation World, the definitive mission prayer guide.
  - Developing the Global Ministry Mapping System, the premier mapping software for international mission.
  - Earning the inaugural Henry Parsons Crowell Award for Excellence and Innovation in the Extension of Evangelical Christianity.
  - Conducting major mission research projects in partnership with mission agencies worldwide, such as the FlightPlan initiative to explore the future of mission aviation.
  - Developing and implementing research training to benefit field missionaries, especially in the Global South.
  - Overseeing the ministry's relocation to Colorado Springs from the US Center for World Mission.
- Mike served in global roles such as Senior Associate for Information Technology for the Lausanne Movement. He also held key roles in the local community. At Covenant Presbyterian Church he taught Sunday School and led a community within the church. He also served a four-year term on the board of his public school district.

Notes for Jacob Charles Hoffer:  
Dear Great Aunt Jose & Uncle Denver,

I'm Jacob, the newest addition into the Hoffer family. I was brought into this world at 5:32PM, Sunday, April 14, 2002. I weighed 7lbs.- 11ozs., 19 3/4" long and have lots of brown hair.

Mommy started labor Saturday night around 11:30PM and checked into the LDR room at 6:30AM Sunday morning. Labor went as good as could be expected, she needed a little help from the anesthesiologist a little later though. I was ready to be born but I was upside down and laying on my cord so I had a little trouble keeping up my heart rate when mommy tried to push. The doctor didn't want to take any chances with me, so he performed a C-section on mommy. Everything went as planned. Spent a couple of days in the hospital so mommy could heal then went to my new home.

Had a little trouble bringing in mommy's milk so I got a little dehydrated. I got bottle fed a lot of formula and electrolytes until I could be properly satisfied. Everything is good now. I was circumcised on Fri., no problems there so far.

Mommy is getting around good now, and daddy is doing good too.

They had a rough time at first, like I'm sure most new parents do, but they are getting the hang of it. I am wearing them out with my frequent feedings and diaper changes. Had a few minor problems, but looking back on it, it went pretty good

Love,

Jacob Hoffer
